Please note there are several items that require attention in the Spring prior to starting your boat. **SERIOUS ENGINE DAMAGE could occur** if the boat is started before doing those items. We offer a Spring Startup for those items as well as a list of other services when we re-open next March. Whether DHM does the Spring Startup or you do, this work must be done before you can run your boat.

All Invoices are subject to an \$18.00 Misc/Shop Charge
